Calcarea carb babies are always 'precious children'. They are precious because they are a late born child or only child or many a time born into a wealthy family. So their only achievement is that they are born into that family. They are never allowed to face any challenges or hardship of life. When they come to your clinic, you'll find that they parents will make them sit in their lap, even if he's too grown up for that kind of gesture

Calcarea Carb

It was a case of irritable bowel syndrome. He was in his late fifties. His hair was dyed to give it a young look. His hair was neatly combed and swept back. He had applied big 'Tilak' upon his forehead. He was wearing chic clothes. A clean freshly pressed and neatly pleated white shirt with neatly folded sleeves up to elbow. Shirt was neatly tucked in. He always used to carry one newspaper which was a messenger for a political party. This was clearly to show his allegiance to that political party. He had a serious presence

Calcarea Carb

He started by asking ‘Doctor, do you know about irritable bowel syndrome?’

I was a bit annoyed but not showing that I replied ‘Yes! Of course!!’

Ignoring that he started saying ‘See, doctor, it is a chronic sickness of intestines, in which there is constipation alternating with loose motions and discomfort in the stomach’

Calcarea Carb

‘You give me medicines to improve the stomach condition.’ That was a bit too much for me to take so I gave him a glare. But he was immune

So I continue further: ‘Tell me sir, what do you do? What’s your job profile?’

‘I am a social worker.’

Dr: ‘How do you earn your living?’ I sensed the jugular

Calcarea Carb

Now he was a bit sober. He said I have no proper source of income. I am being supported by my nephew. I have some small time source of income through commission. But not much. My nephew has a small apartment in the neighbourhood. He has allowed me to stay there. I am eating in a mess service.

Calcarea Carb

Pt: 'Well, doctor, I was married. I have a son. But I lost my job because I could not handle the hardship. I also tried some small businesses erstwhile. But nothing succeeded. My wife said you are incompetent, and left me with our son. He is grown up now and has started earning now. But he also doesn't look after me.'

Dr: 'What is this social worker thing?'

Calcareia Carb

Pt: 'People in my vicinity know me. So I sit at a small roadside group who assemble there for chitchatting and reading newspaper, etc.'

Dr: 'But what's social service in it?'

Pt: 'I read newspaper to some elderly people. I give free advice to someone who needs it.'

Pt: 'Dr, people there respect me. Young kids seek my advice in celebration of public festivals like 'Ganapati' or 'Diwali'

Calcareia Carb

He was a kind of a person who was clearly under a false impression that everything is right with him. His meagre earnings, failure to support himself, and the fact that he could not amount to anything in his life, was nowhere in his understanding

On the contrary, he was under false understanding that he is doing some service to society and people respect him

Instead of taking care of important commodities of life he was more concerned about what people and society think about him, who really don't take him of some serious consequence

Dr: 'Knee pain? So early?'

Pt: 'Yes, doctor. I work so hard.'

Dr: What do you do?

Pt: I am a housemaker.

Dr: What work do you do?

Pt: I wake up in the morning, make tea for myself, chop the vegetables, chop the onions, then cook it, stir it, then cook the rice, then serve it.

Dr: How many people are you there in the house?

Pt: Two of us and a college going son.

Dr: So you must not be having much of the responsibility of the kid?

Pt: You know, dr, I have to keep an eye on kids these days.

She babbled on and on.

Calcarea Carb
