HOMEOPATHY

ESSENTIALS

*Roberto Petrucci - Viktória Németh*

Boraginaceae, the forget-me-not family,  
includes about 2,700 species of :

- shrubs,
- trees and
- herbs

The origin of the generic name is may be derived  
from the Latin for a  
**SHAGGY COAT** (burra),  
a reference to the stiff, white hairs covering most  
parts of the plant

Borage is an annual Mediterranean and southern European species that has been grown for hundreds of years in British and northern European gardens for its culinary, medicinal and attractive qualities:

- The leaves have been eaten for their cucumber-like flavour,
- whilst the flowers are sometimes used to garnish summer drinks or are candied for decorating confectionary.

The plant is very toxic

Its former widespread use in early modern medicine has been revived by modern practitioners of alternative therapies.

The most commonly used plant in medicine is:

**SYMPHYTUM OFFICINALE,  
(comfrey)**

that is usually employed for both external and internal use to treat very many different conditions .

The external use of comfrey includes the use of roots and leaves in the form of pastes or ointments to treat :

- bone fractures,
- gout,
- inflammatory diseases,
- and other conditions, including thrombophlebitis and hematomas

For internal use, comfrey decoctions have been used as herbal teas to treat :

- chronic conditions of gastric ulcers and
- congestion of the lungs

# WOMAN

ALLERGY - CHRONIC BRONCHITIS

CHRONIC FATIGUE SYNDROME

first consultation March 2021

I'm suffering for allergy for more than 30 years but in the last 8 - 9 years I'm much worse because I'm suffering from chronic bronchitis too

**ALLERGY**

**HOMEOPATHY**  **ESSENTIALS**

I tried to have information about the symptoms but related to allergy she was just speaking about coryza with watery discharge

**ALLERGY**

**HOMEOPATHY**  **ESSENTIALS**

- About chronic bronchitis I was able to understand that the worse moment is in the morning
- She is waking up with cough and for at least 1 hour it's really terrible; sometimes it can last 2 - 3 hours too.
- She said “sometimes I’m afraid to spit out my lungs”

**CHRONIC BRONCHITIS**

**HOMEOPATHY**

**ESSENTIALS**

- The cough is loose and she produces much expectoration
- I asked about the expectoration and she answered: “it looks like pus”

**CHRONIC BRONCHITIS**

**HOMEOPATHY**  **ESSENTIALS**

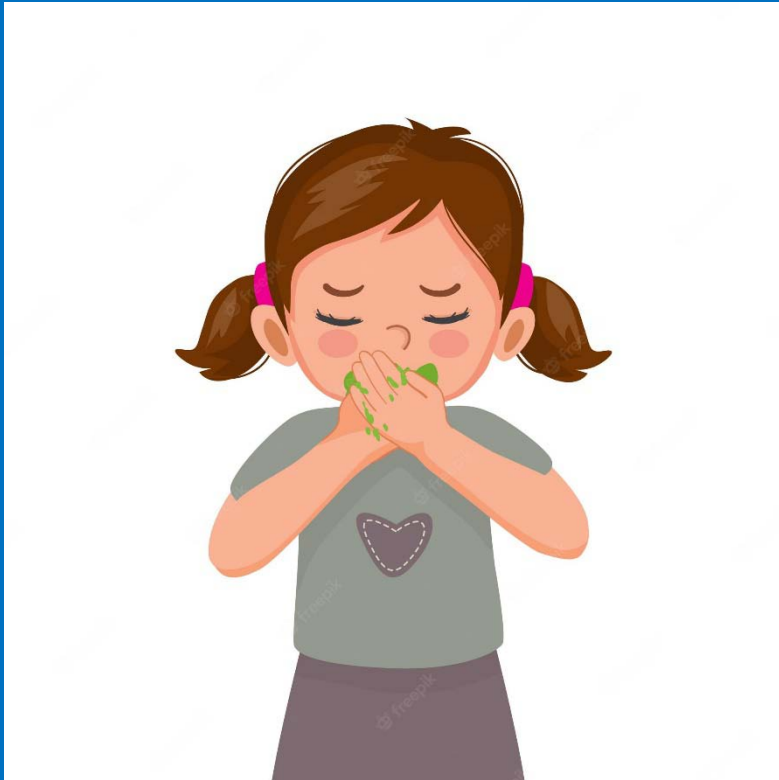

Then I was just able to have two more pieces of information after many questions

- Often she starts to cough also after lunch
- She is snoring during sleep

**CHRONIC BRONCHITIS**

**HOMEOPATHY**  **ESSENTIALS**

- Another problem is the nausea
- I always suffered more or less from nausea, let's say that it came quite often in my life

**NAUSEA**

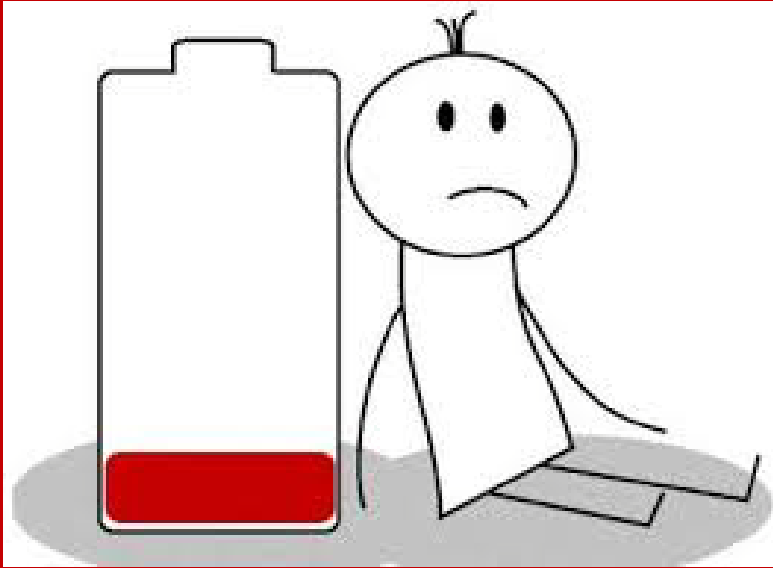

HOMEOPATHY  ESSENTIALS

- I have seen that I often feel nauseous in the late morning, maybe for the whole morning cough, I don't know...
- I need to eat to improve the nausea; but then I eat, the nausea goes away but I get cough !!!!

**NAUSEA**

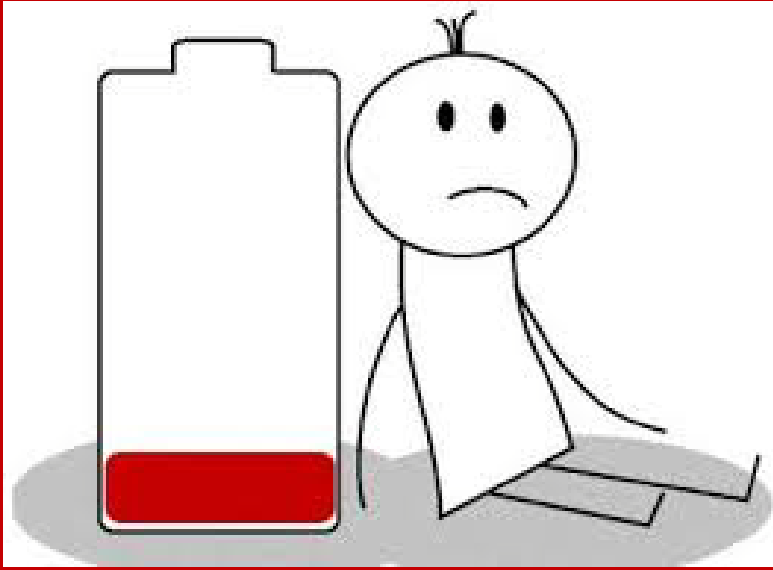

HOMEOPATHY  ESSENTIALS

# CHRONIC FATIGUE SYNDROME

**CHRONIC FATIGUE  
SYNDROME**

HOMEOPATHY  ESSENTIALS

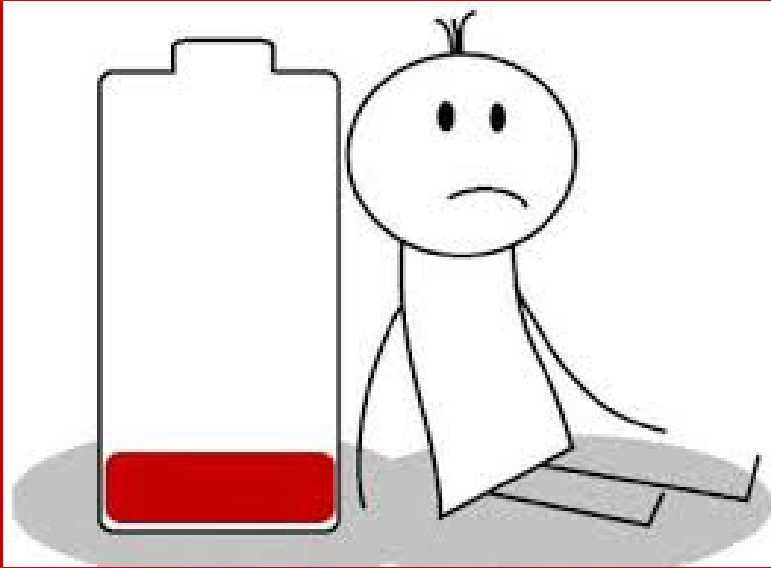

I have been struggling a lot for about 1 year; I can hardly do anything anymore

I used to do some small jobs; I was helping my sister who has an insurance agency

For at least 6 months I have told her that I cannot do it anymore and I have never gone to her office again

**CHRONIC FATIGUE  
SYNDROME**

HOMEOPATHY  ESSENTIALS

- Especially in the evening I feel so tired
- I always prepare dinner in the morning or the day before so my husband has just to warm it up

**CHRONIC FATIGUE  
SYNDROME**

HOMEOPATHY  ESSENTIALS

- When she was 15 years old she broke her radio while skying
- She remembers it was terrible because they had to use the chalk two times because the fracture was not healing
- “From time to time I’m still feeling the pain in that area”

**FRACTURE**

**HOMEOPATHY**

**ESSENTIALS**

- Since then it's like my body remembered the shock and became sensitive
- I suffer from vaginismus and I got the idea that my vagina is more sensitive since that moment

**PAIN MEMORY**

**HOMEOPATHY**  **ESSENTIALS**

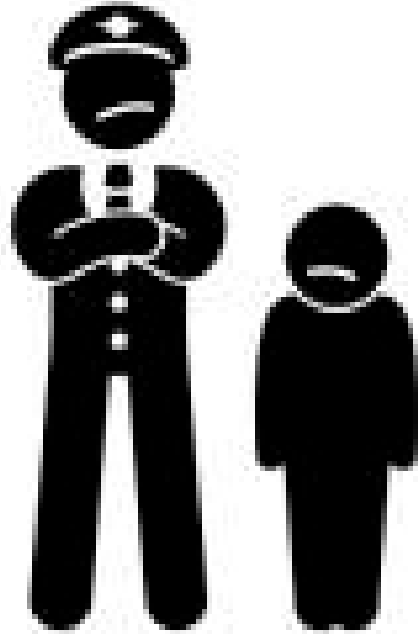

I asked about this vaginismus and she replies that sexual intercourse has always been painful and luckily she gave birth by caesarean section because for nine months she had nightmares thinking about the pain she would feel during the birth

**PAIN MEMORY**

**HOMEOPATHY**  **ESSENTIALS**

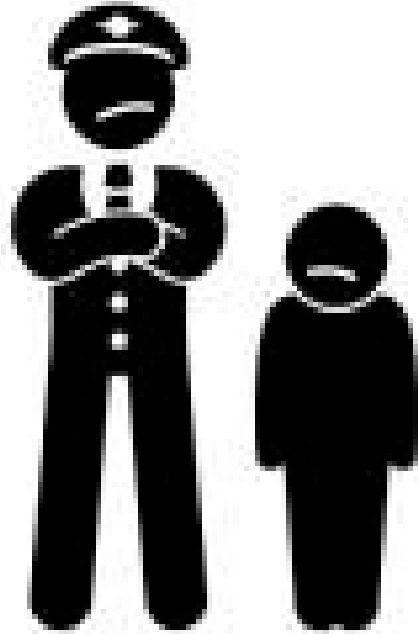

**FATHER**

- I have had psychotherapy for many years for this problem
- The psychologist said that the radius fracture had nothing to do with it and correlated everything to the relationship with my father
- I had a master father who always commanded me, he was a general of Carabinieri...

HOMEOPATHY

ESSENTIALS

He always humiliated me, made me feel guilty, as if what I was doing was never going well; I was always on the alert, as if something were going to happen to me at any moment, as if the radium was going to break again...

**FATHER**

HOMEOPATHY

ESSENTIALS

At the end of consultation she told me:  
There is another thing that came into  
my mind, every time the discharge  
from the nose is really strong I have  
also diarrhea...
