HOMEOPATHY SESSENTIALS

Roberto Petrucci - Viktória Németh

- in anamnesis 2 miscarriages in the 2nd month and two pregnancies
- contraceptive pill for about 15 years without disturbances
- menses-related complaints: dysmenorrhea and lumbago (before and during), without any particular problem
- last menses at 49

ANAMNESIS

- Since menopause, which is about 10 years ago, my life has changed considerably
- Menopause has destabilized me, I used to feel like a rock, despite the problems I had

MENOPAUSE

I started right away with hot flashes, especially in the face; at first, they were terrible, day and night, at least twenty then, over the years, it got a little better, but I can't say I'm well

Now I almost only get them at night, and this makes my sleep break up

I have at least 5 - 6 hot flushes every night, and only a couple during the day

MENOPAUSE

- I'm used to it by now, I've been sleeping badly for ten years....
- Every night I take Melatonin and Passiflora, I don't know what it would be without it, but it seems to me that there aren't great improvements...
- My pharmacist advised me to take Passiflora because for at least a couple of years my heart hasn't been exactly regular, every now and then it goes off on its own...

SLEEP

At least a couple of times a week I feel palpitations

The cardiologist told me it's atrial extrasystoles and advised me to stop drinking coffee, but nothing has changed...

Anyway I realized that I get them mainly in relation to my mother but that's a separate chapter, if you want, we can talk about it later...

PALPITATIONS

- And since my menopause I've become anxious and I think also a bit depressed...
- Every little symptom worries me and I often feel as if something is missing, I feel melancholic... Luckily, I have an innate sense of control and without thinking too much about it after a while I recover...
- In short, pull me out of the menopause if you want to help me!

MENOPAUSE

- What other ailments do you have at the moment?
- In the past I suffered a lot from spastic colitis; now it's not so bad but my bowels are not regular at all, I have stools every 3 - 4 days and I'm always bloated...
- My intestines talk all day long... I retain a lot in my belly.
- Every day I take Psyllogell

COLITIS

- About 1 year ago I had dermatitis on my head, like pustules, with important hair loss
- When the dermatitis resolved, I started to suffer from dandruff that I had only had when I was young

DERMATITIS

- In my opinion the dermatitis was related to my mother's health, I had to assist her day and night
- I always felt a bit under my mother's power; I had to be a loving daughter but at the same time contain my mother's need to be the master of my life

MATHER

- My mother has always blamed me for everything and is now in a hospital for her psychiatric problems
- This has also increased my anxiety; perhaps if I
 were a good daughter, I would keep her at
 home, but I recognize in me the inability to
 manage my mother as well as I could

MATHER

At this point I try to better understand his relationship with guilt

GUILT

I also felt a lot of guilt when I decided to break off the marriage with my ex-husband, who suffered and still suffers from severe depression, but I did it for my children; it was impossible to have a father like him...

GUILT

I suffered a lot with this decision, I asked myself many times what was best to do but, in the end, it was my duty to safeguard my children from their father's alcoholism

He had become a danger to me and my children, I hope God will forgive me for that!

GUILT

Maybe because of all these stresses now my blood pressure has risen; for about 6 months, it has been around 150 / 100

My family doctor would like to give me medication at all costs; I told him I would come to see you, but he laughed at me....

BLOOD PRESSURE

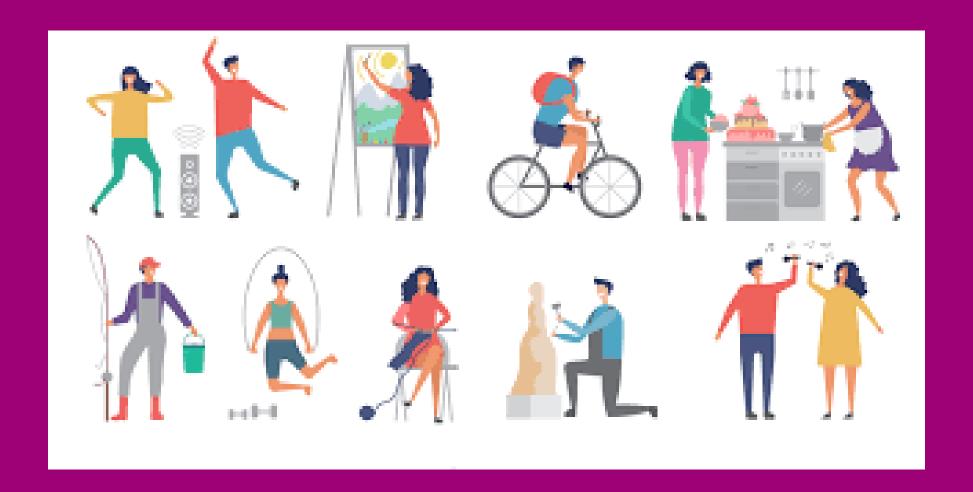

- Other anamnestic news:
- 35 years old surgery for polyps in the vocal cords (has always and still often hoarseness)
- 37 years old surgery for anal polyps
- As a child often tonsillitis

- SABAL SERRULATA

- THUJA
- PHOSPHORUS

- ANTIMONIUM CRUDUM

PAST HOMEOPATHY

- The patient enters and sits down in front of me
- Immediately he pulls out a sheet of paper from his jacket and says to me: 'excuse me, but my memory is worse than my father's and I have written down everything I have to tell you; I am used to it by now, I am the biggest consumer of post-it notes, I have to write everything down, from what I have to do during the day, to the shopping list, to everything, imagine that if I have to go and talk to my son's teachers I show up with the sheet of paper of things to ask for'.

NOTES

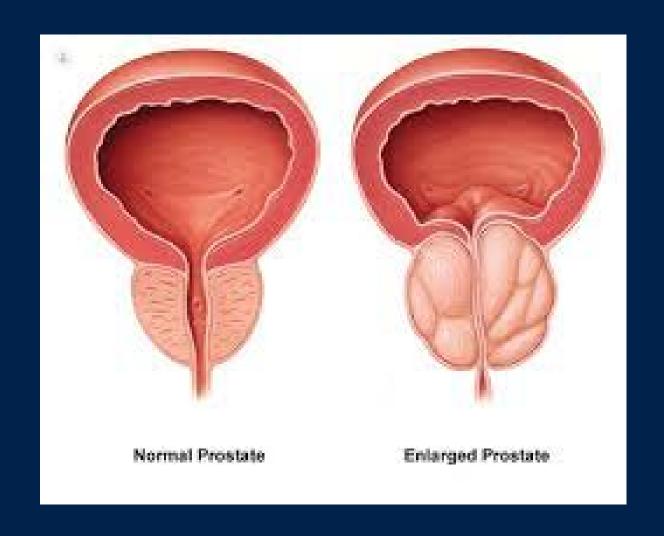

• I reassure him that it is not a problem and ask him to start where he wants to

• Well, I start reading what I wrote....

NOTES

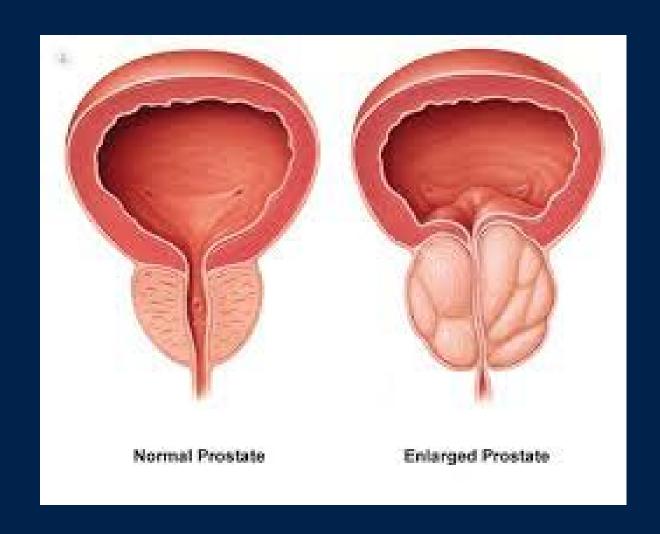

- About 3 years ago I started having prostate problems
- I started waking up at least once a night to urinate and it always got worse; now I get up at least 2 times every night and during the day I have to urinate often
- I've had at least 3 episodes of prostatitis in the past and I've always taken antibiotics although I don't always seem to be really cured

PROSTATE

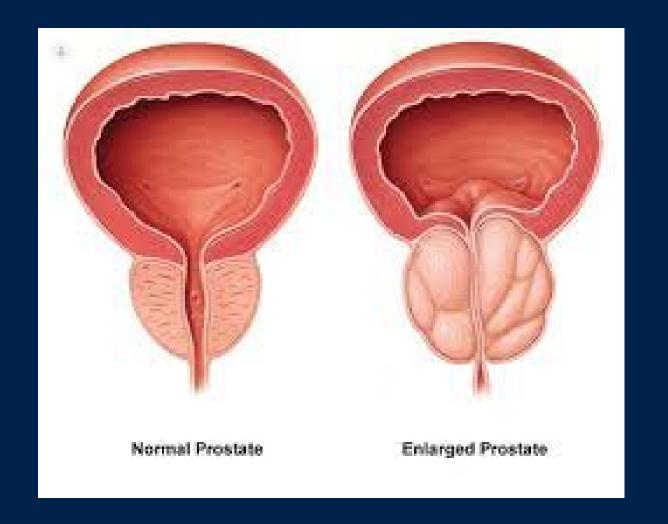

- I don't like doctors, they scare me, they have always scared me since I was a little boy
- Finally at my father's insistence three months ago I went to a urologist who prescribed medication, but I am only 42 and I don't want to take it
- He says I should also do some other tests because the PSA is 6
- My father was your patient many years ago and he advised me to come to you

PROSTATE

• I ask if there are any other symptoms related to prostate

 The flow is definitely not what it was when I was in my thirties and, sometimes, I also have some burning when I urinate, fortunately not often

PROSTATE

- Why are you afraid of doctors?
- I don't know, maybe I had a trauma; when I was a child, I had a lot of tonsillitis and every time I went to the pediatrician and he used the tongue depressor it was a tragedy for me

BAD DOCTORS

- I remember going to the doctor with my mother and every time I would hide behind my mother and cry...
- Do you remember anything about those sore throats?
- I remember the pain was strong and I couldn't eat or drink; I had so many of them...

BAD DOCTORS

- And my mother used to tell me 'but how is it possible that you always get sick in summer when all the other children get sick in winter?'
- And anyway, I still get tonsillitis now, of course not like before but at least once a year I get sick

TONSILLITIS

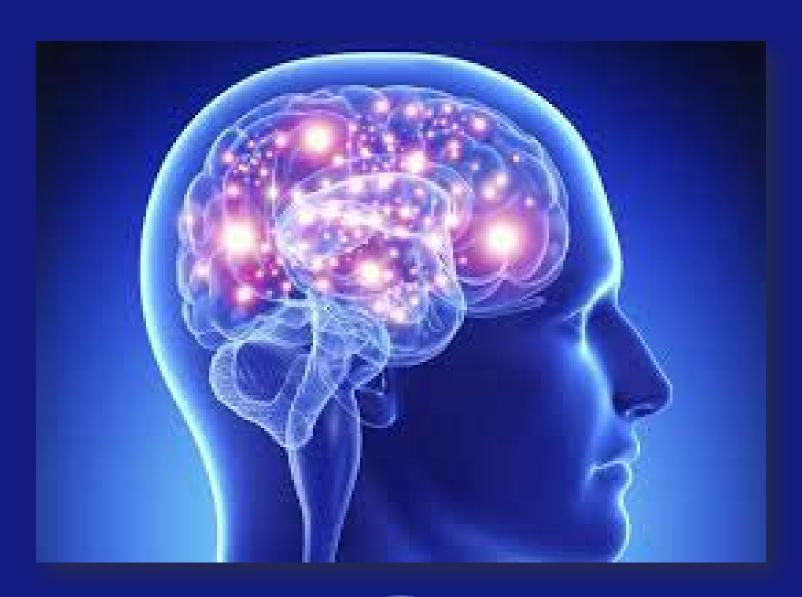

- I realized that in front of me I don't have a 42-year-old man but a kind of child, both in the way he speaks and in his insecurities
- It is as if with every sentence he wants confirmation of what he says
- I asked him to tell me about his character

CHILD

MIND

HOMEOPATHY 8 ESSENTIALS

He starts by saying: 'I don't have an easy character, I get angry a lot; my mum says I'm quarrelsome but I'm not like that, yes, I'm often angry, at home I get angry, and we often quarrel but at work I'm not like that'

ANGER

- What is your job?
- I am employed in an import-export company, I do secretarial work but for me it is torture
- Why do you call your job torture?
- I'm an impatient person, I can't stand sitting and then I'm insecure, I often have to ask my colleagues because even though I've been doing this job for so many years I'm always afraid of making mistakes...

In fact, he keeps changing his position in the chair and sometimes stands up for a few seconds and then sits down again

RESTLESSNESS

- What makes you angry?
- Well, if there's one thing I can't stand it's someone saying I'm wrong
- I know what my limits are, I know I'm insecure, but I can't stand it when someone points out my mistakes
- It happens especially in the management of my son; when I say something my wife always thinks the opposite...

ANGRINESS

- And how do you react?
- Sometimes, as I told you before, I quarrel and it happens especially at home, other times, especially at work I don't answer, I don't react, but a whirlwind of thoughts starts in my head that never ends, it may be that for two days I think and think about the same thing

REACTIONS

- Then I would like to tell you something else. My grandmother fell ill with Alzheimer's and I'm afraid of ending up like her
- I started forgetting things a few years ago and I'm afraid... but I'm not only afraid of Alzheimer's, I'm also afraid of going mad...

ALZHEIMER

- Why are you afraid of going mad?
- Do you think it's normal to see dead people?
- What do you mean by seeing dead people?
- Sometimes I sit on the sofa, close my eyes and see dead people, often they are dead relatives but sometimes also people I don't know but I know they are dead

GOING MAD

- But do you dream?
- No, no, I'm awake, only I have my eyes closed and I see these dead people; then I stare, it becomes a nightmare, a fixed idea...
- It's true that I'm a bit like that, my mum always tells me 'you and your ideas that you put in your head... when you fixate on something, nothing and no one can change your mind'

FIXED IDEAS

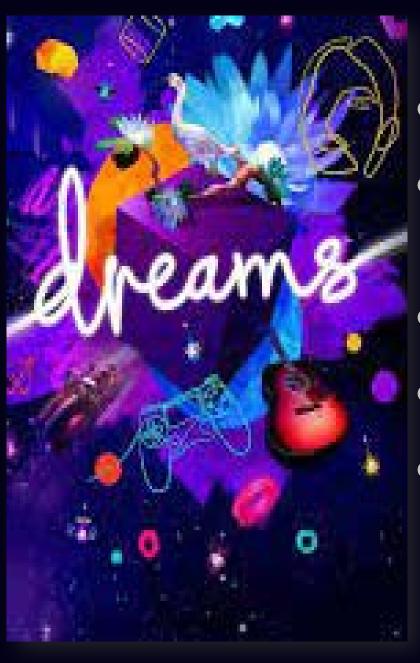

- I tried to reassure him because I saw him really scared and I asked him if he has any other fear
- One fear I have is looking out from a balcony, I have vertigo
- Do you have vertigo when you look out from a balcony?
- No, I don't have vertigo, I get panicky

HIGH PLACES

- Do you ever have recurring dream?
- I've always dreamed of having to do something and not being able to do it;
- as a child I dreamed of not being able to find my way to school;
- as a boy I dreamed of not being able to find a girlfriend;
- now I often dream of getting into a lift and never finding the floor of the house where I live, I get out of the lift but I can't find the door of my house

DREAMS

In anamnesis

- first tooth at 11 months
- walks without support at 17 months
- first words definitely late (my mum was worried because I didn't speak)

MK (1.000K)

5 drops 1 time a day

I FIRST INCREASED THE NUMBER OF DROPS, THEN I INCREASED TO 2 TIMES A DAY, I CHANGE THE POTENCY GIVING XMK AND LMK BUT NO SYMPTOMS CHANGED

AFTER ABOUT 3 MONTHS HE CAME BACK FOR A CONSULTATION, I TRIED TO TALK ABOUT HIS WORK AGAIN; I ASKED HIM TO EXPLAIN HIS FEELINGS ABOUT HIS INSECURITY AND NEW ASPECTS EMERGED

- When I work, I am sure that sooner or later I will make mistakes and I am terrified of the punishment I might receive
- The same thing happened when I went to school, I was always so anxious because I was afraid of punishment from the teachers

PUNISHMENT

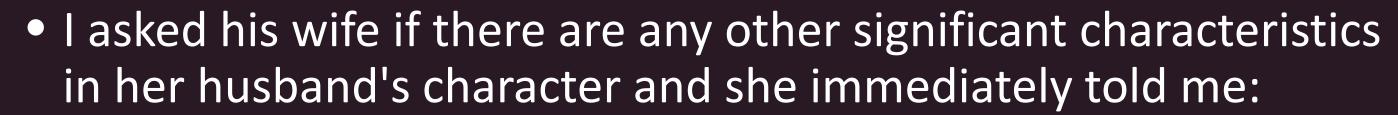

At work I often feel responsible for mistakes even if it's not my fault and that's why I always try to do things the best I can; I don't want to be scolded by anyone and I try very hard to avoid any reproach

At that point his wife who accompanied him on the consultation intervenes and says: many times I have told my husband that he can also stay home from work if he is not well but he looks like a little soldier, obedience and duty!

OBEDIENCE AND DUTY

- 'he is exasperatingly slow, if I need 3 minutes to do something he needs 30...
- for example, we have a small garden, and he stands there for hours arranging things, I don't know if it's precision or what else, at home he moves the ornaments 3 cm. because he says it's better in that position, not to mention his girlfriend!

SLOWNESS

- His girlfriend????????
- "Yes the car, his girlfriend... she spends hours cleaning the car, if there is a small spot she loses a quarter of an hour on it, for me it's exasperating..."

HIS GIRLFRIEND

- Sense of guilty
- Persecution and punishment
- **■** Task and job
- Restlessness
- **■** Glandular enlargement
- **■** Larynx and trachea complaints
- Acne
- **■** Warm-blooded

XMK (10.000K)

5 drops 2 times a day

FOLLOW UP AFTER 15 DAYS

- 1 WEEK AFTER STARTING THE NEW REMEDY I STOPPED GETTING UP TO URINATE!
- THE FIRST NIGHT IT HAPPENED I COULDN'T BELIEVE IT; I GOT UP IN THE MORNING AND REALIZED THAT I HADN'T GOT UP DURING THE NIGHT AND THOUGHT IT WAS SO STRANGE
- I ALSO THOUGHT I HAD GOT UP AND DIDN'T REMEMBER IT BUT THEN IT HAPPENED ON THE FOLLOWING NIGHTS; IN ONE WEEK I ONLY GOT UP TWICE!

XMK (10.000K) 5 DROPS 2 TIMES A DAY

FOLLOW UP AFTER 45 DAYS

- THE PROSTATE IS BETTER, NOW I GET UP ONCE EVERY 10 DAYS AND I NO LONGER HAVE A BURNING SENSATION WHEN URINATING, BUT THE FLOW IS ALWAYS THE SAME
- I FEEL LESS ANGRY AND GO TO WORK MORE RELAXED

XMK (10.000K) 5 DROPS 1 TIME A DAY

FOLLOW UP AFTER 3 MONTHS

- I VERY RARELY GET UP AT NIGHT, NO MORE THAN ONCE EVERY 15 TO 20 DAYS AND THE FLOW IS MORE INTENSE
- I FEEL MORE CONFIDENT, I HAVE LESS ANXIETY AT WORK AND I NO LONGER THINK ABOUT PUNISHMENTS
- I ALSO WANTED TO TELL YOU SOMETHING ELSE:
- "I GOT OUT OF THE LIFT AND I WAS IN FRONT OF THE DOOR OF THE HOUSE"
- HE HASN'T DREAMT OF BEING IN A LIFT SINCE !!!

XMK (10.000K) 5 DROPS 1 TIME A DAY

- HE ALWAYS TOOK XMK, NEVER NEEDED TO CHANGE
- OVER THE YEARS FROM 5 DROPS HE HAS GRADUALLY INCREASED TO 10 DROPS AND IN
 THE LAST YEAR, HE HAS TAKEN THE REMEDY FIRST TWICE A WEEK AND NOW ONCE A
 WEEK
- I HAD TRIED TO DISCONTINUE IT BUT HE ASKED TO RESUME IT BECAUSE, ALTHOUGH PHYSICALLY EVERYTHING WAS FINE, HE FELT THE REMEDY WAS HIS SUPPORT

- HE NO LONGER HAS PROSTATE PROBLEMS AND OVER THE YEARS HIS PSA HAS REDUCED FROM 6 TO 4 AND LATELY TO 2.5
- SINCE STARTING HOMEOPATHIC THERAPY HE HAS HAD TWO EPISODES OF TONSILLITIS
 WHICH WERE QUICKLY RESOLVED BY TAKING JUST THE REMEDY; HE HAS NO LONGER
 TAKEN ANTIBIOTICS
- OVER THE YEARS BY PERSONAL CHOICE, I HAVE NEVER ASKED ABOUT THE VISION OF THE DEAD, I HAVE ALWAYS WAITED FOR HIM TO TELL ME ABOUT IT, BUT HE NEVER MENTIONED IT AGAIN

- ONLY ON THE LAST CONSULTATION I ASKED HIM WHAT HAD HAPPENED TO HIS DEAD AND HE LOOKED AT ME AS IF I HAD GONE MAD! YES, THE DEAD YOU SAW WHEN YOU WAS CLOSING YOUR EYES...
- AH, BUT DOCTOR THOSE HAVE BEEN GONE FOR YEARS, BY NOW I DON'T EVEN REMEMBER THEM ANYMORE AND I'M NOT AFRAID OF GOING MAD
- YES, I'M ALWAYS A BIT WORRIED ABOUT ALZHEIMER'S BUT I ALMOST NEVER THINK ABOUT IT

- AT THE LAST MEETING HE CAME AGAIN WITH HIS WIFE BECAUSE HIS WIFE HAD DECIDED TO START HOMEOPATHIC THERAPY, SO I ASKED HER:
- HOW IS YOUR HUSBAND'S GIRLFRIEND?
- THE WIFE STARTED LAUGHING AND TOLD ME:
- "YOU KNOW, ABOUT A YEAR AGO HE GOT DIVORCED AND NOW HE'S IN ANOTHER RELATIONSHIP...
- HE BOUGHT A NEW CAR AND HE'S FINALLY TREATING IT LIKE A CAR..."
