ESSENTIALS

HOMEOPATHY

LAMIACEAE IN NATURE

Roberto Petrucci - Viktória Németh

Lamiaceae is a large family of flowering plants, comprising over 7,000 known species.

Some well-known members include mint, basil, rosemary, thyme, oregano, and sage.

HOMEOPATHY

ESSENTIALS

The family is distributed worldwide but is most diverse in tropical and subtropical regions.

HOMEOPATHY

ESSENTIALS

One of the defining characteristics of Lamiaceae is the presence of aromatic compounds in their leaves (contain volatile oils), stems, and flowers.

Many Lamiaceae species have been used for centuries in traditional medicine. For example, mint and thyme are known for their digestive properties, while oregano has antimicrobial qualities.

HOMEOPATHY

ESSENTIALS

Lamiaceae are used in pharmacy for their therapeutic power in their form of essential oils.

HOMEOPATHY

ESSENTIALS

The culinary world benefits greatly from
Lamiaceae.

Basil, mint, rosemary, and oregano are
staple herbs in various cuisines around the
globe.

HOMEOPATHY

ESSENTIALS

The perfume industry finds Lamiaceae a significant source of raw material. Mint and Lemon Balm or Lavender as the main constituent of the perfumes, soaps and cosmetics.

HOMEOPATHY

ESSENTIALS

One fascinating aspect of the Lamiaceae family is its remarkable relationship with pollinators, particularly bees.

Lamiaceae species have evolved an intriguing method to entice bees: producing specific oils that mimic the scent of female bees.

HOMEOPATHY

ESSENTIALS

For instance, some orchid bees collect fragrant compounds to attract mates.

To achieve this, male orchid bees gather aromatic oils from certain Lamiaceae flowers and orchids. This pheromone attracts females, but it is also a signal male 'genetic quality' to females, because only the most fit males could gather complex odor mixes.

HOMEOPATHY

ESSENTIALS

Throughout various cultures and traditions worldwide, many Lamiaceae species have been revered for their perceived mystical or supernatural properties.

HOMEOPATHY

ESSENTIALS

Sage, particularly white sage, it's believed to cleanse negative energy and promote healing especially in North America.

HOMEOPATHY

ESSENTIALS

Rosemary (*Rosmarinus officinalis*) has a long-standing reputation for enhancing memory and reinforces the concentration.

HOMEOPATHY

ESSENTIALS

In some cultures, basil (*Ocimum basilicum*) is seen as a symbol of love and fertility.

HOMEOPATHY

ESSENTIALS

Lavender (*Lavandula* spp.) is well-known for its calming properties.

It's often used in aromatherapy and baths to promote relaxation and sleep.

HOMEOPATHY

ESSENTIALS

Mint, especially peppermint and spearmint, has a long history of being associated with hospitality and refreshment.

It's commonly offered as a gesture of welcome to guests.

HOMEOPATHY

ESSENTIALS

Lamiaceae are also appearing in the mythology
and symbolism

HOMEOPATHY

ESSENTIALS

Basil: from the Greek basilikos, meaning 'royal'. It is a symbol of sweetness.

In the Middle Ages it was believed to be able to drive out darkness from the mind, rid the air of evil spirits, as well as houses of snakes, scorpions and counteract evil spells.

HOMEOPATHY

ESSENTIALS

In India it is dedicated to the bride of Vishnu, goddess of beauty and harmony, but, also used in funeral rites, it is placed on the chest of the deceased and with its infusion the head is washed.

In Crete, basil was also a symbol of mourning.

HOMEOPATHY

ESSENTIALS

In the West, erotic symbolism was attributed to it.

- The symbol of LOVE

HOMEOPATHY

ESSENTIALS

Lavender: the name comes from its use in perfuming water for washing. It is a symbol of Virtue and Purity of the soul and Baptism. It protects against misfortunes, obsessions and demons and propitiates prosperity and fertility. In Tuscany it particularly fought children from the evil eye, and in Rome it kept witches away.

HOMEOPATHY

ESSENTIALS

Marjoram: In Greek mythology, the plant was linked to the figure of Hymenaeus, who died while singing at a wedding, and to Aphrodite, goddess of love.

Married couples wore garlands of it, while

unmarried women placed it in their beds, in order to obtain from Aphrodite the identity of the future groom.

HOMEOPATHY

ESSENTIALS

Its Latin name likens it to the sea: sea dew, sea rose or sea shrub.

In the language of flowers it evokes the happy heart.

To the Egyptians it was a symbol of immortality, and a branch was placed in the hands of the deceased to facilitate their journey to the 'afterlife.

HOMEOPATHY

ESSENTIALS

Oregano: it is associated with the symbol of 'comfort'.

Its gentle aspect linked it to the female world, and it was cultivated not only for cooking but also as a moral talisman.

It was given as a gift to girls who had been disappointed in love, but also to depressed men.

- They prefer moderate scent and always choose a perfume that is elegant but immediately recognisable.

Style

- They always present a thousand activities and do not set themselves limits
- They act as a robot, never stop.

- As a child, I was considered a kind of devil
- For such a child today, they would surely diagnose hyperactivity
- I was never still, I always had a thousand ideas, in short, I had hyperactivity of both body and mind

HYPERACTIVITY

HOMEOPATHY 

- In school I was always rushed, I had to finish my homework as soon as possible, I wanted to play....
- But I think that's normal for all children...
- Yes, maybe I was a little more rushed....

HURRY

HOMEOPATHY 

- What games did you prefer?
- Do you know those little girls who spend the day putting on mom's shoes and trying on clothes?
- Here I was like that... well, I never changed...
- And then makeup... I always had a tendency... can I call it seductive?

SEDUCTION

HOMEOPATHY 

- I've always liked men, ever since I was a child, but I don't know if it's just men
- I liked everyone telling me that I was beautiful and even now, I also really appreciate compliments from women, which, however, are rare...
- You know how it is among us women, right?

SEDUCTION

HOMEOPATHY 

- No, I don't know... how is it among women?
- Well, there is always competition... we always want to be the most beautiful... I like to seduce men...
- Okay, I think... let's get on with the story before she gets any ideas in his head...

COMPETITION

HOMEOPATHY 

- Let's talk about menses...
- I had my first menses very late, I was almost 18 years old

MENSES

HOMEOPATHY 

- It has always been regular, 26 - 28 days, and usually in 3 - 4 days I get through it
- Before my period I feel a pain like something pulling at my kidney (like renal colic but much milder) and the first day of my menses I can't do anything because the pain is very strong (it's like a twinge, but I can't explain it better)
- All menses I take 3 tablets of ibuprofen, just the first day

MENSES

HOMEOPATHY 

- Are there ways to improve or worsen?
Particular positions? Heat? Anything else?
- No, with heat it doesn't get better; I've tried but nothing changes
- The only thing that relieves my pain a little is bending double, however by now I always take medication right away, so I don't even know anymore how is the pain

MENSES

HOMEOPATHY 

- And I eat throughout my period, mostly sweets (in the past mostly candy)
- I sound like a crazy person, if I didn't have any sweet in the house I would go and buy them even walking on my knees, but by now I'm organized so I always check before my period that I have enough supplies...
- I have to be careful though because when I was in my early twenties, I had periods of bulimia

BULIMIA

HOMEOPATHY 

- I see from the medical history sheet that you has never taken contraceptive pill and have had 2 abortions, at age 19 and 25
- In a rather detached way, she tells me that the fathers did not want children
- What about you?
- I must say that children are not my first thought, so it was not a big problem

ABORTIONS

HOMEOPATHY 

I go on to read the anamnesis she sent

ANAMNESIS

HOMEOPATHY 

HEADACHE: nothing special, only out of tiredness

HEADACHE

- I had cavities already in my baby teeth from eating too much candy; now I have stopped but, in the past, it was really an addiction!

TEETH

HOMEOPATHY 

- This is my main problem
- I often have diarrhea
- I have been told that I suffer from irritable bowel syndrome which gets worse especially if I have worries
- I have diarrhea even if I don't eat

BOWELS

HOMEOPATHY 

- I get these episodes 2 - 3 times a month with abdominal pain and urge to run to the bathroom
- When I get these crises, they persist for 4 - 5 days and there is no medication that can help me

BOWELS

HOMEOPATHY 

- I get really bad cramps, spasms, and I spend days bent double
- That's the only thing that relieves my pain a little bit, actually no...
- On those days my belly is always very swollen; when I can pass flatus... the pain goes away a bit

BOWELS

HOMEOPATHY 

- Then again, my belly has always been my weak point
- My mother always tells me that when I was little, I drove her crazy with colic
- It seems like every time I ate, I would go crazy...

BOWELS

- In recent years, on average, I have at least one or two colics a year and every time I have to go to the hospital
- I have a lot of pain, once I even fainted from the pain

KIDNEY STONES

- It's like that now in my job but it was the same in the past with sports, I did athletics, middle-distance, 800 and 1500 meters and it was the same in school; always first in my class and always graduated with honors

MIND

HOMEOPATHY 

I am strong, very problem-solving, always looking for solutions or people who can help me find solutions however I am also a bit self-centered (laughs...)

AESTHETICS

HOMEOPATHY 

- However, there are a few things I need to redo...
- I should marry a plastic surgeon (laughs with gusto...)

WOMAN

58 years old

FLUSHES OF HEAT IN MENOPAUSE

first consultation January 2023

- The patient is a doctor I met during my university studies
- It happened then that we met at some conferences, and when she heard that I was involved in homeopathy, I think it was 1993, she asked me to prescribe her a homeopathic remedy for menstrual disorders (long, copious and painful cycle)

PAST

HOMEOPATHY 

We never did a real homeopathic consultation

Although I told her it would be good to do thorough evaluations, she insistently asked for a remedy to try...

PAST

HOMEOPATHY 

- I remember that I choosed very superficially a remedy, just thinking about her character traits and the fact that no one ever liked her because of her first-class attitude
- In the hospital my friends and colleagues when they saw her, always said “Narcisa has arrived...”

PAST

HOMEOPATHY 

- I never kept a file on her and I don't know if she had given me any other symptoms, but I clearly remember that I prescribed Platina for her with no particular changes
- It happened that I met her a few more times in the following years on rare occasions and then I lost contact with her completely

PAST

HOMEOPATHY 

- In 2022 she booked an appointment to come for a consultation, but I was completely unable to remember her last name
- When she showed up at the office in January 2023, I did not recognize her at all; on the other hand, 30 years had passed

PAST

HOMEOPATHY 

- Upon entering the office, the first thing she said to me was, "but you don't remember me????"
- Surprised that she was calling me by name, I replied:
- "Excuse me Ma'am, you know I see a lot of people and sometimes I get confused between patients, students and people I know outside the profession... have we met before?"

DON'T YOU REMEMBER ME?

HOMEOPATHY 

- But you are using the third person, how is it possible that you don't remember?
- I really apologize but I don't remember... but if you are calling me by my first name it means that we maybe even dated in some way...
- At that point she explained who she was and where we had met and everything came back to me...

DON'T YOU REMEMBER ME?

HOMEOPATHY 

I then asked her about her job because in her anamnesis she had written housewife

JOB

HOMEOPATHY 

- She explained that she had married a very rich man, and after her first child she decided not to go back to work and to stay at home with her son
- After a few years, she also had 2 twin girls and completely gave up the idea of continuing to work as a doctor

JOB

HOMEOPATHY 

I read an article of yours casually last year on the internet and there was also a picture of you and it occurred to me that you had also suggested a homeopathic remedy in the past and I thought I would come to you

HOMEOPATHY

HOMEOPATHY 

- I have to tell you right away that it's not that I believe much in homeopathy, but I do believe in coincidences in life and exactly the day after I read that article, I met at a dinner party a woman who was talking about homeopathy and she is a patient of yours; therefore, I thought it couldn't be a coincidence and that I had to make an appointment
- I had to wait a while but now I am here...

HOMEOPATHY

HOMEOPATHY 

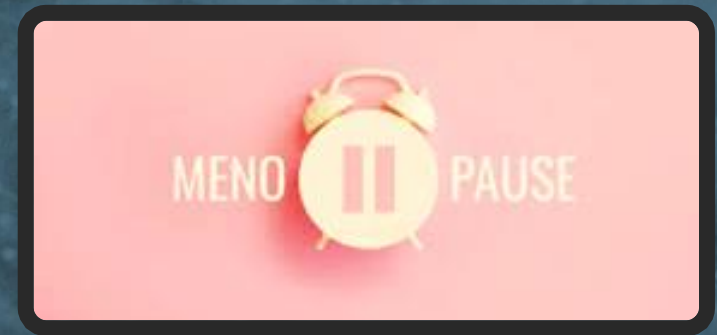

- As you may have read in the form I filled out, my problem is menopause
- I have been menopausal for 6 years and have unbearable hot flashes
- It seems that instead of getting better they are getting worse and worse...

MENOPAUSE

HOMEOPATHY 

In the past I took hormone therapy and the hot flashes had almost disappeared but after a few weeks I started to have very severe headaches, like a sinusitis and then my blood pressure got very high, so I decided to stop the therapy

HORMONAL THERAPY

HOMEOPATHY 

- The blood pressure normalized, the headaches disappeared but very annoying hot flashes came back!
- Then I took some natural, herbal products, but even those were giving me headache, so I stopped...

HORMONAL THERAPY

HOMEOPATHY 

- I ask to describe the hot flashes
- The hot flashes come to me suddenly, it's a heat that seems to start from the uterus...
- I feel the heat rise and go to my head

FLUSHES OF HEAT

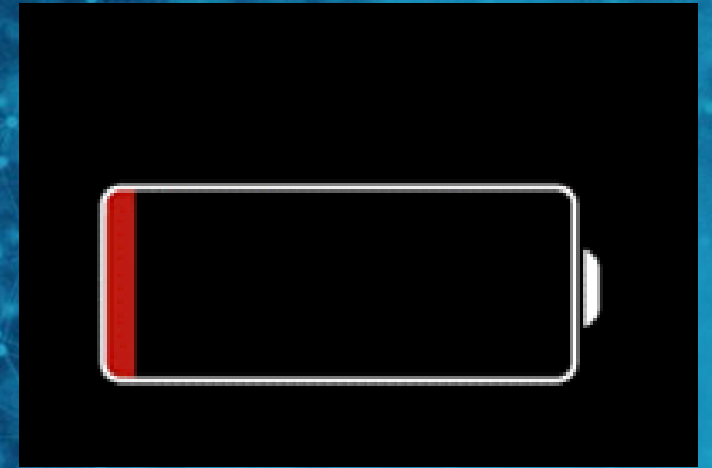

HOMEOPATHY 

- They are very disturbing especially because I have crazy sweating and because they come mostly at night, I have to change completely every night...
- I wake up every hour, but it's the flush that comes around 4 o'clock that is always so intense, that is, I always sweat but with the 4 o'clock flush I can't stay in my nightwear, so I have to change
- Every night I put a pair of pyjamas on the bedside table

FLUSHES OF HEAT

HOMEOPATHY 

- During the day I have less of them, but they are annoying for another reason
- I ask for more explanation
- Yes they are bothersome because after the flush I feel exhausted; it becomes difficult for me to do anything...

FLUSHES OF HEAT

HOMEOPATHY 

- Luckily now I have figured out more or less what time they come and I organize myself...
- They usually come after 4 p.m. so whatever I have to do I try to arrange it in the morning
- Your secretary proposed a 3 p.m. appointment but I preferred to wait another week and come in the morning....

FLUSHES OF HEAT

HOMEOPATHY 

- What does it mean that you feel exhausted?
- Exhausted, exhausted, I have to sit down, sometimes even lie down on the couch because I lack strength...
- However, I have always had problems with sweating

PERSPIRATION

HOMEOPATHY 

- At school during oral examinations or at university exams, I was always a complete sweat bath...
- And then I could never do sports, it was very little to sweat a lot...
- Now I only sweat if I have anxieties or hot flashes, but I remember that even during my menses I used to get it a lot

PERSPIRATION

HOMEOPATHY 

- I remember I gave you a homeopathic remedy for menstruation problems, but I don't remember exactly what the problem was at that time...
- I've always had long, copious, painful periods and when I went through menopause, I was so happy...
- if I didn't have hot flashes....

MENSES

HOMEOPATHY 

- I ask if she suffers from any other problems
- No, I have always been fine; the only other problem I have is allergies

ALLERGY

HOMEOPATHY 

I usually take antihistamines during those weeks, but sometimes I've had to take cortisone as well, especially in the week when I'm at my worst

ALLERGY

HOMEOPATHY 

- From the physical point of view there is nothing else
- I ask her to tell me about her character and try to get some news by remembering the nickname my friends had given her, of course without telling her...

WHAT ELSE?

HOMEOPATHY 

- I ask her about pregnancies and her job
- At first I felt lost...
- After graduation, I did some substitutions and medical duty, and then I got interested in aesthetic medicine and opened my own practice
- I would have liked to have continued and opened something meaningful...

JOB

HOMEOPATHY 

- There was a time when I wanted to study to be a plastic surgeon, then I abandoned the idea, but a nice clinic for such things wouldn't have been bad...
- At least I would have used my husband's money....

PLASTIC SURGERY

HOMEOPATHY 

- I understand that she has some relationship problems so I ask her if I can allow myself to get into a slightly more personal sphere
- What do you want to know?
- Do you want to tell me something about your love life?

LOVE LIFE

HOMEOPATHY 

- I married a rich man, I don't have any problem from that point of view but otherwise he's completely absent and I've always needed to be a bit in the middle of attention, I like it...
- So how did you solve the problem?

LOVE LIFE

HOMEOPATHY 

- There were actually two problems
- The first is what I just told you and I really wanted a different husband, a husband who had loved me
- I never left him because of my love for my children who are the most important thing to me...

LOVE LIFE

HOMEOPATHY 

- The second problem is related to sexuality...
- For my husband there is work and then more work, and I felt neglected in all respects
- So? I ask

LOVE LIFE

HOMEOPATHY 

- So, if a woman at 35 is unhappy with her sex life, what should she do?
- Enter a convent?
- I think I've always been a beautiful woman and it doesn't take me that long to seduce a man...

LOVE LIFE

HOMEOPATHY 

- My husband has always traveled a lot for work and not really taking much interest in the family...
- He is able to be away for a week making a phone call just when he gets to his destination, so I am more than free...

LOVE LIFE

HOMEOPATHY 

My husband thinks I am happy because I can spend as much as I want, and actually I spend a lot of money....

- I remember that I choosed very superficially a remedy, just thinking about her character traits and the fact that no one ever liked her because of her first-class attitude
- In the hospital my friends and colleagues when they saw her, always said “Narcisa has arrived...”
